

## SOVIETS DROP LIVE BOMBS NEAR BERLIN

Incident Believed Part of Large-Scale Russian Air Maneuvers Over Zone

### FOLLOWS A WARNING

Berlin, Oct. 7.—(AP)—British flyers engaged in the Berlin air-lift said today they had seen Russian planes drop live bombs in the Soviet occupation zone about 12 miles northwest of Berlin.

There is a possibility the reported incident might have been part of large-scale Russian air maneuvers announced for today over the Soviet zone, Berlin and Allied air corridors, including bomber flights.

U. S. representatives at the four-power Berlin Air Safety Center said the activity appeared to be the largest since the U. S. and Britain began using the air corridors to supply Soviet-blockaded Berlin.

The Russians warned the western powers they plan extensive gunnery drills and parachute jumping, as well as flying drills in the air corridors.

Capt. Vincent H. Gookin, U. S. representative at the air safety center, said he had protested to the Russians on two counts—flights by bombers over the Berlin zone and the gunnery drills.

He said the Soviet announcement of the bomber flights over the city indicated that formation flying was contemplated. This would be a violation of four-power air rules, he said.

The contemplated gunnery drill, Gookin said, drew a verbal U. S. protest on the ground it was regarded as dangerous to Allied transport planes.

U. S. air officers have said previously that the increasingly frequent Russian warnings of maneuvers in the heavily traveled Allied corridors across the Soviet occupation zone were intended to harass the lift.

There were indications, however, that the Soviet activity announced for today was connected with extensive autumn war games being conducted by the Soviet occupation army.

German press reports said today these maneuvers included big-scale air drills, with mock attacks upon Russian zone cities. The air drills included jet bombers and Soviet models of the American B-29 superfortress, dispatches said.

Capt. Gookin said the announced Soviet air activity in the Allied corridors today was fourfold: (1) Bombers over the Berlin zone; (2) air-to-ground firing practice; (3) air-to-air fire upon towed targets; (4) parachute jumping.

## Break In New Dike At Fort Lauderdale

Miami, Fla., Oct. 7.—(AP)—Flood waters left by Tuesday's hurricane plagued sections of south Florida today and army engineers reported a 1,000-foot break in a new dike west of Fort Lauderdale.

National Guardsmen called out at the request of Broward County Sheriff Walter B. Clark, patrolled South Pompano where a tornado demolished 25 homes and injured seven persons.

Guardsmen also watched the dike around plantation homes near Fort Lauderdale where authorities heard rumors of threats to "blow up" the levee to drain water off nearby farmlands.

Meanwhile, the hurricane which left 11 dead, 300 injured and crop damage estimated at \$6,000,000 in Cuba before drenching the Florida "gold coast," moved northeastward in the open sea.

## Truman, Handed New Setback In South, Pushes Into East

By The Associated Press

President Truman handed a new setback in the south, pushed his vote campaign up the eastern seaboard today.

Gov. Thomas E. Dewey meanwhile mapped an eight-day offensive into the midwest with a 38-talk tour scheduled to cover nine states.

Mr. Truman's latest reverse was an announcement by E. H. Crump, Tennessee Democratic leader, that his powerful Shelby county organization will support the States Rights ticket in the November election.

"Truman has sold the south down the river for negro votes in large northern cities," Crump said in a statement at Memphis last night taking issue with the president's civil rights program.

The president moved on toward a major speech in Jersey City, N. J. tonight after telling a party rally in Philadelphia's Convention Hall that the Republicans are trying to put all the plain people into a "company union" run for the benefit of the National Association of Manufacturers.

Dewey's associates said he intends to keep stressing the "unity" theme in his next campaign, which gets underway on Sunday night. The GOP presidential candidate is scheduled to make three broadcast addresses on the trip which will take him into Pennsylvania, Kentucky, Indiana, Illinois, Oklahoma, Missouri, Minnesota, Michigan and back to New York.

Gov. Earl Warren, Dewey's running mate, headed into Wisconsin after a foreign policy speech in Chicago last night. The Californian called for more public information on the government's handling of foreign affairs. He said the foreign policy program outlined by Dewey is a "hopeful and confident approach" to world problems.

Gov. J. Strom Thurmond, the States Rights presidential candidate, said the nation's major political parties have been "seized" by advocates of totalitarianism. The South Carolinian told a Roanoke, Va., audience last night that these advocates "have made a stouthead out of Henry Wallace, a mouthpiece of Harry Truman, and a puppet prince out of Tom Dewey" to "serve their evil designs."

Wallace moved his Progressive party campaign to Portland, Ore., after a long tour of California.

There were indications, however, that the Soviet activity announced for today was connected with extensive autumn war games being conducted by the Soviet occupation army.

German press reports said today these maneuvers included big-scale air drills, with mock attacks upon Russian zone cities. The air drills included jet bombers and Soviet models of the American B-29 superfortress, dispatches said.

## Atlanta Must Draw Shades On Mannikins

Atlanta, Oct. 7.—(AP)—There'll be no more dressing in public here in Atlanta.

From now on, says Police Chief Herbert Jenkins, the blondes, brunettes and red-heads will have to get their clothes on in private.

Jenkins said last night he had received hundreds of complaints, mostly from women, that too much dressing was going on in front windows.

He sent Mrs. Ruby Beckett, a policewoman to all department stores with an ultimatum that in the future shades must be drawn on show windows when mannikins are being dressed or undressed.

## Huge Boulder Causes Fatal Pennsy Wreck

Pittsburgh, Oct. 7.—(AP)—One hundred workmen and four wreck trains today cleared away wreckage from a suburban Beltvue where a huge rock slide yesterday caused the wreck of a fast Chicago-bound Pennsylvania Railroad train.

Two trainmen were killed and 12 passengers hurt.

It could not be determined immediately whether the train ran into the rockslide or whether the debris rolled into the side of the passing train.

The dead were J. G. Lightburn, engineer, and R. G. Rombke, a fireman, both of Crestline, O. The two were members of the crew of the second of two locomotives pulling the Fort Pitt Express west-bound to Chicago.

The engineer of the first engine, E. W. Shenk, 54, of Beaver, said "we had no chance to avoid crashing that rock. We had just rounded a curve and there was that huge boulder on the track."

H. D. Krugle, a railroad official, estimated the rock weighed "about 100 tons."

The collision jacked five of the nine cars, overturning both locomotives and ripped up about 200 feet of track. The last four coaches of the nine car train remained on the rails.

Work crews early today had reopened two of the four main line tracks to through traffic and continued clearing away debris.

Krugle said 125 passengers were aboard the train at the time of the accident at suburban West Bellevue, about 12 miles from here down the Ohio river.

## Aid Planned For Lutheran Seminaries

Philadelphia, Oct. 7.—(AP)—The United Lutheran Church in America was asked today to increase support of its nine seminaries and 12 colleges by \$6,000,000.

The goal, set for 1950, was recommended in a report from the executive board and the "board of education on Christian higher education year" as some 500 delegates to the church's 10th biennial convention began the second day of a nine-day convocation.

Of the total fund, the report recommended \$300,000 for seminaries, \$2,000,000 for colleges and \$6,000,000 for a special aid fund for the benefit of seminaries and colleges where special aid is now necessary.

Among uses for which the money, if approved, will be put will be "pressing building needs," the report said.

But it added those building needs alone amount to more than \$12,000,000.

In its opening session at Town Hall yesterday the ULCA re-elected the Rev. Dr. Franklin Clark Fry, of New York, to a third two-year term as president. Also re-elected were the Rev. Dr. E. Eppinger Reinartz of New Rochelle, N. Y., secretary, and H. E. Beaman of Belleville, N. J., treasurer.

The church also received as associate synods the United Evangelical Lutheran church of Argentina, and the United Evangelical Lutheran church of Liberia.

## State Publishers Discuss Problems

Harrisburg, Oct. 7.—(AP)—A newspaper report said today that publishers count their most serious problems as "newsprint supply, manpower shortages, highest operating costs on record, heavy taxes and shortage of equipment."

William H. Hardy, of Harrisburg, managing editor of the Pennsylvania Newspaper Publishers' Association, made the statement in a report to be given tonight to the group's executive committee.

The committee meeting precedes the opening of the association's 24th annual two-day convention tomorrow. Upwards of 400 editors, publishers and newspaper executives are expected to attend.

In another statement, John H. Biddle, association president, said that "daily and weekly newspapers in Pennsylvania are prospering this year, but they have been faced in recent months with more serious problems than in any previous year."

Most of the problems bothering the newspapers grow out of the rising costs of operation, Biddle said.

## Soviets Ask Armies Be Cut One Third

Paris, Oct. 7.—(AP)—Russia accused the western powers today of blocking world disarmament for the past 20 years, and demanded that the Big Four immediately cut their armies by a third.

Soviet Delegate Andrei Y. Vishinsky led off debate in the United Nations Political Committee on a Russian resolution calling for a ban on atom bombs and one-third cut in armed forces and armaments within a year.

A few minutes before, the political committee had shunted to an 11-nation subcommittee the east-west dispute over atomic energy controls. The Russians had urged in the political committee that the Atomic Energy Commission scrap its work of two and a half years, and "let in a breath of fresh air."

Soviet Delegate Jacob A. Malik told the U. N. assembly's political committee that the Atomic Commission, composed of members of the 11-nation Security Council, should again "begin from the beginning."

He did not, however, make a formal proposal to that effect.

Dr. Vladko Clementis of Czechoslovakia and representatives of Poland and the Soviet Ukraine supported his suggestions.

TWO FATALITIES

Pittsburgh, Oct. 7.—(AP)—A traffic accident and a fall down an elevator shaft accounted for two deaths yesterday. Curtis Taylor, 45, was killed by a truck in the Lawrenceville district and Harry Gohst, 67, elevator operator, died when he fell from the shaft down at the Model Coat and Apron Co., Penn. Avenue.

## Highway Project East of Warren FAVORABLE TO REMOVAL OF THE BLOCKADE

## ANNUAL ROAD TOUR IS MADE BY OFFICIALS

### Good Progress Being Made On Construction Job Between Glade Bridge And Clarendon

### MANY CREWS ARE BUSY

District highway department officials are anticipating completion of reconstruction work on Route 6 east of Warren this fall, possibly by Nov. 10.

That good news for Warren district motorists highlighted an annual inspection tour of Warren county highways made yesterday afternoon by district and county highway department officials, representatives of the Warren Motor Club and other interested parties.

Making the tour were Glenn Myers, assistant district highways engineer, and George Cartwright, district traffic engineer, both of Franklin; Rep. Allen D. Gibson, of Sheffield; Warren G. Lowe, county highways superintendent, and his assistants, George Joy and Gilbert Sanford, Atty. A. Albaugh, Frank J. Haggerty, and Elzie Wright, Motor Club representatives; Percy Belknap, of Warren; and Bob Moorhead of the Times-Mirror staff.

District Engineer S. W. Jackson, of Franklin, was unable to make the inspection tour.

A section of the newly relocated highway east of Warren was open to traffic for the first time this week, just in time for the inspection tour. It is the stretch just east of the Glade bridge which cuts directly along the base of the hill to Dutchman's Run, eliminating a winding section of the old Route 6 along the river.

Good progress also was reported on construction of the remaining section of the new 24-foot wide concrete road which traverses the east bank of Dutchman's run as far as Mineral Well, and then recrosses the creek to join the new Route 6 widening and paving work that has been completed between Stonyham and Clarendon.

This work, being done by the McCrady Construction Company of Pittsburgh, is one of two major Warren county road improvement projects placed in the hands of private contractors this year.

The second big project was widening and resurfacing with hot bituminous material a 3.08 mile section of Route 27 between Pittsfield and Garland. This work has been completed by the Western Pennsylvania Asphalt Paving Company.

Other work let out to private contractors included the painting of six highway bridges at a cost of \$6,500.

Along with this construction work, the state highway department crews were kept busy on reconstructing 1.74 miles of the Columbus-Clymer road (Route 60016) lying in Warren county at a cost of \$35,000; and stabilization of 0.66 miles of earthen roads with gravel fill at a cost of \$164,600.

This work, in addition to that done by private contract, boosted the amount spent for road improvement and construction work in the county during 1948 to the \$1,037,100 mark. Total road mileage improved was 26.35.

The highway department also spent \$1,000 for surface treatment of 49.19 miles of highway, and \$155,000 for maintenance work.

Road improvement projects done by highway department crews in the county this year included:

Route 60016, from Erie County line toward Columbus, 1.74 miles on crushed aggregate base for a distance of 1.74 miles. This project should be completed soon.

Route 61049, Hatch Run Road north of Warren in Glade Township, bank gravel for 3.79 miles. This project was authorized late in 1947 but complete in 1948, and connects two improved roads in this area.

Route 61010, from a point one mile east of Garland south toward Route 61011 in Pittsfield Township, bank gravel stabilization for 2.63 miles. This project is under way at the present time and will be completed this fall.

Route 61014, between Route 6 and 426 east of Corry in Columbus Township, bank gravel stabilization, 1.62 miles in length. Surface on this project was completed September 1. This provides another improved connecting link between these two important highways.

Route 327, from Sandstone Springs Corners southwest toward Tidoune on the Warren-Tidoune Turnpike, bank gravel stabilization, 1.62 miles in length. Surface on this project was completed September 1. This provides another improved connecting link between these two important highways.

## Braves Place Hopes For 2nd Series Win On Warren Spahn; Bob Lemon Starts For Indians

Braves Field, Boston, Oct. 7.—(AP) Southpaw Warren Spahn, the No. 2 boy on Billy Southworth's pitching staff, went after another victory for the Boston Braves in today's second World Series game, opposing Cleveland's Bob Lemon, a 20-game winner.

As another sellout crowd of over 40,000 shoe-horned into this friendly little park in the Charles river, a few drops of rain sprinkled the field from cloud-flecked skies. There seemed to be no prospects of anything that might force a postponement.

Facing the left-handed Spahn, who won 15 and lost 12, Manager Lou Boudreau made one lineup shift, inserting Allie Clark, a right-handed batter, in right field. Walt Judnich was benched.

Clark batted second with Larry Doby dropping down to sixth place. Judnich's old position in the batting order.

Braves Field, Boston, Oct. 7.—(AP)—Cleveland's bopped on Lefty Warren Spahn for two runs in the fourth inning to take a 2-1 lead over the Boston Braves in today's second World Series game before 40,000 fans.

Southworth, whose batting Braves beat, Bobby Feller yesterday at Johnny Sain's touchstone, 1-0, made no changes except his pitcher. He continued with Mace Rickert, substitute for the injured Ed Heath in left field and Bill Salkeld behind the plate. Editt Stanley again was at second base.

Lineups:

Cleveland: Mitchell, 1f; Clark, 2b; Torgeson, 3b; Gordon, 2b; Keltner, 3b; Salkeld, 1f; Doby, 4f; Robinson, 1b; Hegan, c; Lemon, p.

Braves Field, Boston, Oct. 7.—(AP)—The Boston Braves opened up a 1-0 lead on the Cleveland Indians in the first inning of today's second World Series game on an error by Joe Gordon, followed by singles by Earl Torgeson and Bob Elliott.

Gordon fumbled Alvin Dark's roller to start the Braves' sprint. Torgeson sliced a single to right and Elliott drove in Dark with a line single over the head of Shortstop Manager Lou Boudreau into left center field.

Torgeson, then was picked off second base in a play almost identical to the disputed pickoff in the eighth inning of yesterday's opener.

Torgeson, obviously alert to the possibility of a pickoff try, had only a short lead off second base. Manager Bill Southworth cupped his hands and cautioned him against a quick Lemon twist.

SECOND INNING

Braves: Salkeld slashed a single over first baseman Robinson's head.

Mike McCormick, attempting to sacrifice, popped a bunt right into the hands of Lemon, but Salkeld beat the pitcher's throw to first in an attempt to double him.

Stanley drew a base on balls after working the count to three and two.

Gordon glided to his left to make a nice stop of Spahn's grounder and threw him out as both runners advanced a base.

Holmes took two balls, then stepped back to Lemon who threw him out.

THIRD INNING

Indians, batting left-handed, sliced an outside pitch to Rickert who made the catch without moving from his tracks.

Rickert raced into foul territory to catch Mitchell's long home near the left field bleachers.

Clark bounced out. Elliott to Torgeson.

FOURTH INNING

Braves Dark shot a line single over Boudreau's head and fast field Mitchell held the runner at first.

Torgeson reached at an outside curve and pitched it to Clark who made the catch almost behind second base.

Elliott went down swinging on a sidearm curve ball.

Rickert tapped weakly back to Lemon who tossed him out.

No runs, one hit, no errors, one left.

## Drop In Meat Prices Down Where It Begins To Count

Chicago, Oct. 7.—(AP) The drop in hog and pork prices was getting down today to where it counts for most people—at the retail butcher shop.

Many stores throughout the country slashed pork prices for the coming weekend, a direct result of the sudden outpouring of hogs from the country. The off-month "consumer resistance" was postponed in some quarters as a cause for the decline.

While retail outlets were cutting prices, the hog market's steady slump came to at least a temporary halt. Prices firmed a bit at most markets yesterday. However, wholesale pork quotations continued to ease at Chicago.

Agriculture Department officials, packing house sources and representatives of farmer organizations gave these opinions of the hog-pork price breaks:

"It's a seasonal matter, but a little earlier than usual this year. An Agriculture Department official at Chicago said farmers knew drop was coming, and had mated spring pigs the past weeks in an effort to 'beat break.'"

"The meat packers are no pork quickly. A leading pack spokesman said the industry going into the 'accumulative' when supplies are built up. He said, 'nobody wants hold now and they are piling pork right into whole channels.'"

"Many packing plants are of help, which makes them aggressive buyers of live animals than they otherwise would be. The whole thing may just temporary flurry."

## WITH THE CANDIDATES

### TRUMAN

Aboard the Campaign Train, Oct. 7.—(AP)—President Truman renewed today his bid for the prized electoral votes of the industrial east against Republican opponents he said offered only "sweet lullabies" to the people.

The trail ahead led through eastern Pennsylvania to Jersey City, N. J., where he makes his second major address of a three-day campaign tour some time after 9:30 o'clock tonight in the Lincoln High School auditorium.

Aides said Mr. Truman will talk from notes, rather than a prepared address. And they said the president will reiterate his claim that the Republicans are to blame for high prices, the housing shortage and other domestic problems.

The address, before an audience of 11,000, climaxed an active day. Parsons said a crowd at the hall brought 350,000 the number of persons who greeted the president at Philadelphia and nearby Camden, N. J., where he talked briefly in the afternoon.

Mr. Truman was introduced by Senator Francis Myers, of Pennsylvania, who described the Republican presidential nominee as a "medicine man" from Albany who guarantees to cure any illness with "pink pills" and "brown medicine."

The president took up the theme.

### DEWEY

Albany, N. Y., Oct. 7.—(AP)—Gov. Thomas E. Dewey was reported today to be planning a major labor address in Pittsburgh Monday night to open the second round of his presidential campaign.

Friends of the Republican nominee told a reporter Dewey had been hard at work for several days on a speech setting forth his labor views. They said he regarded the Pennsylvania steel center as a good spot for such an address.

Meanwhile, Dewey was expected to decide today whether he will be in Albany when President Truman carries his campaign into the state capital tomorrow.

Dewey aides said the governor hopes to get away this afternoon for a couple days of rest at his Pawling, N. Y., farm home before setting out at midnight Sunday on his second campaign trek.

That trip will take him into nine states in eight days. The GOP candidate has 36 speeches scheduled, a slightly faster pace than the 60 he made during the 15-day western tour he completed last Sunday.

Dewey's new itinerary calls for only three major evening speeches. Those will be in Pittsburgh Monday; Kansas City, Mo., next Thursday, and St. Paul, Minn., next Friday. All three will be broadcast nationally.

### UPSETS WATER PLANS

The weather upset drought-stricken Ripley's plans for pumping water from Lake Erie yesterday. After two days of arduous laying of more than one and one-half miles of fire hose from the lake to the community, a stiff west wind stirred up the lake, causing the emergency intake hose to suck up gravel from the lake bottom and the system had to be closed indefinitely.

## Philomel Lauded at Regional Meeting Of Music Clubs Here

(From Page One)

of the special guests at yesterday's meeting.

Feature of the annual meeting of 1923, the speaker reminded, was the introduction of American music in the Federation program and, in 1925, incentive was provided by Dr. Hoban, state director of music, for the great Stephen Foster Memorial in Pittsburgh.

Soon after that, the Philomel Club was hostess to the federation, featuring on its convention program Gounod's "Redemption," sung by a choir composed of regional singers and directed by Lee Hess Barnes.

Work of the various presidents

of the federation was touched upon and work of the war years stressed, including the outfitting of eight hospital ships with musical instruments. Establishment of the Harvey Gaul Scholarship, the federation's newest project, brought Mrs. Dierk's interesting recital to a close.

Other features of the morning session was acceptance of an invitation from the Orpheus Club of Greenville for the next annual meeting; presentation of the varial club report; and the memorial service conducted by Frances Moore, with vocal solo by Mrs. Alfred Stevens, Warren. Singing

of "Pennsylvania," with Mrs. Robert

at the piano, concluded the morning session.

Luncheon was served in the club auditorium, where Mrs. H. F. Cla

son had arranged tables attractively with fall flowers, candles and place cards bearing the hostess club's insignia. Tables radiating from the speakers' table

each had a Philomel hostess and two Philomel members, Mrs. Frederick Olson, violinist, and Miss Evelyn Wolstencroft, pianist, provided luncheon music. Mrs. Everett Borg sang the invocation, guests were welcomed by the Philomel president, Jean Robert

son, and the Pennsylvania Collect was sung by the entire group.

A surprise feature was presentation of a beautiful rose corsage to Mrs. C. Henry Jaxtheimer, Pittsburgh, with Miss Gibson singing "Louise" in tribute to the state president, whose name is the same as the song title. Mrs. George T.

Reed, Grove City, regional official, was also the recipient of a beautiful corsage. Mrs. Jaxtheimer was then presented by Mrs. I

and gave a splendid address. "The Federation Looks Ahead" in which promotion of the program was again the prime

thought.

The meeting was then adjourned to the second floor music room where Miss Robertson presented the talented guest artist, R. Mandelkern, in an unusually

hant recital of violin music. enthusiastic was the audience response that Mrs. Mandelkern obliged to return twice for a

core. A very fine background support was provided the violin by her pianist, Eva Rautenbe

To conclude the day's activities, Mrs. Downs and Mrs. Whe were installed and Mrs. Reed, acting official, gave a brief

dress.

REVENGE MOTIVE IN WALLACE BID

On the day when he virtually conceded the 1948 presidential election to someone else, Henry Wallace said to his campaign manager, C. B. Baldwin, "We've got to build a party, Beanie, we've got to build a party."

The first fruits of this belated advice are exhibited in Mr. Baldwin's announcement that the third party is endorsing or withdrawing opposition from some 25 liberal Democratic candidates for Congress. This, in the opinion of James Thrasher, NEA Service editorial writer, adds another touch of contradiction and confusion to one of the most illogical of the serious political movements in our history.

Apparently the move is intended to provide a wedge for Mr. Wallace's re-entry into the Democratic Party, or at least its non-Dixiecrat branch, in time for 1952. It is an obvious bid for the support of the Roosevelt family, the Wilson Wyatts and Chester Bowles and Helen Douglas and others who decided, early in the game, that for all their New Deal sympathies they wouldn't touch the Communist-rigged movement of ex-New Dealer Wallace.

It is also an obvious bid for the labor vote, whose leaders have stayed away from Mr. Wallace as pointedly as the rest of the big-name New Dealers and millions of others who supported Franklin D. Roosevelt. Perhaps, as some have surmised, it is a concession to the more moderate elements of the Wallace party, but that is open to question.

One thing seems evident, however. Mr. Wallace has made his move too late. This latest about-face does not square with the general tone of a campaign which one political writer has aptly wrapped up in the slogan, "My Country, Always Wrong."

It is interesting to note that Mr. Baldwin, in announcing the switch, admitted that third party endorsement of a candidate could amount to a kiss of death. In explaining why third party candidates had been withdrawn from several races, he spoke of "pressure and threats of withdrawal of financial support exerted on many Democrats if they accepted our endorsement."

In choosing the candidates that it would support, the third party used the CIO yardstick for determining the liberality of congressional incumbents from their voting record. This is the same CIO that Mr. Wallace has accused of many grievous errors, including working for the interests of those monsters of reaction, the steel industry.

And in choosing the party of its newly-chosen candidates, the Wallaceites picked one which, according to their standard-bearer, is indistinguishable from the Republicans in such matters as eagerness for war, control by Wall Street, and the taking of candy away from babies.

So if voters were puzzled about what the third party stood for before, outside of a blanket apology for everything done by the Kremlin, they must be doubly puzzled now. They are confronted by the spectacle of Mr. Wallace still going around the country roundly condemning the party of a couple dozen candidates that his own party is trying to get elected.

About the only clear thing that emerges from this thickening political fog is the picture of the presidential candidate himself, who is looking less like a mystic reformer and misguided messiah, and more like a politician who doesn't care much what else happens so long as he can help defeat the man who embarrassed him by giving him a well-deserved boot out of the Cabinet and, indirectly, prevented him from sitting in the White House today.

Cecil Hilt and Van Orsdale did the twirling for Russell, while E. Hayes was on the mound for Lander. Harvey J. Haggerty, president of the Bradford National Bank, entered golfdom's hall of fame when he scored the first hole in one ever registered on the North Penn course at Bradford. 1933 O. C. Trill, activities chairman for the Warren County Council, Boy Scouts of America, announced plans for the council's annual fall round-up at the Crescent Park playground. A killing frost, first of the season, was reported throughout the area. Ice formed in many sections as the mercury sagged to the 28 degree mark. Carl W. Carson, of Jamestown, issued an invitation to the public to visit his new flower shop, located in Warren at 131 Pennsylvania avenue, west. The County Democratic Committee announced a big rally for the Warren county courthouse with the following as speakers: Gov. George H. Earle; Thomas Logue, secretary of Internal Affairs; E. H. Beshlin, candidate for Congress; John Eudke, candidate for state senator; and Dr. Leroy E. Campbell, candidate for member of the state assembly. John W. Johnson, owner of the Ideal Bakery at 303 Pennsylvania avenue, east, announced sale of the business to Louis White and Harry Clabbers, both of Erie. Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan... not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider. And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

**Local Church Joining In Observance**

On October 10, the Church of the Nazarene, located at Pennsylvania avenue, east, and Irvine streets, will join in a church-wide celebration of the 40th anniversary of the organization of the Church of the Nazarene as a protestant denomination.

The local church was organized in 1908, according to Rev. Gordon V. Woods, pastor of the congregation. Special 40th anniversary services honoring the founding of the denomination will be held, with Dr. A. L. Parrott as guest speaker at the 11 a. m. service.

The union of separate groups from the west, the east and the south took place at Pilot Point, Texas, in 1908 under the leadership of Dr. P. F. Bresee of Los Angeles, Rev. Howard Hoople of New York City and Rev. C. B. Jernigan of Texas.

At the time of the organization in 1908 there were 10,000 members scattered widely in 228 churches with a few missionaries in a half dozen foreign areas. At that time the Sunday School department had an enrollment slightly in excess of 6,000 and the total giving of the church was \$140,000.

Forty years later (1948) the Church of the Nazarene had grown until its membership has reached 210,000 representing 3,350 churches in the United States, Canada, and the British Isles with nearly 200 missionaries in twenty-eight foreign areas. The Sunday School enrollment has advanced to 400,000 and the total giving for all purposes during 1947 was more than \$44,000,000, making the per capita for the year \$93.28.

The Church of the Nazarene, which maintains its international headquarters in Kansas City, Mo., supports six major colleges in the United States, one in Canada and one in the British Isles and the Nazarene Theological Seminary, graduate school for ministers and missionaries. In addition, "Showers of Blessing" radio voice for the Church of the Nazarene, is heard over 150 radio stations and by short wave around the world.

Present indications point to a large registration of borough and county PTA members for the School of Instruction to be sponsored by the County and Community Councils and held Monday at Grace Methodist church, Prospect street and Pennsylvania avenue, east.

"General Aims and Methods of the PTA" will be the general theme of the afternoon and evening gathering, scheduled to get under way immediately following the 1:30 p. m. registrations.

The session will open formally at two o'clock, with devotions conducted by Mrs. Francis Kotmar, past president of the Community Council.

At 2:15 p. m., there will be a symposium on the day's theme, with Mrs. T. E. Leech, president of the Northwest District, presiding. Topics to be considered will be:

1. Objects: Should We, Or Should We Not?—Dr. Carl E. Whipple, state chairman of the school of education and assistant superintendent of Warren borough schools.
2. Duties of Officers and Committees—Mrs. D. V. Urey, state

chairman of Founders' Day.

3. Parliamentary Procedure—Mrs. Robert Faber, past president of Erie City Council.

4. Goals—Mrs. Ralph McDaniel, state chairman of accredited units.

At 3:30 p. m., the group will consider oral questions, as well as those written for the Question Box, followed by 4:00 by an explanation of Tools by Mrs. Harold Stover, past president of the Warren County Council, and of Procedure Books by Mrs. August Bova, past president of McClintock unit.

Concluding the afternoon session, Mrs. A. J. Nicely, vice president of the National Congress of Parents and Teachers and for several years president of the state organization, will conduct a Question Box.

Featuring the dinner hour, set for six o'clock, will be greetings extended by Mrs. James Richards, president of Warren Community Council, and Mrs. Wyllys Johnson, head of the Warren County Council. Group singing will be led by Miss Ida McKinney, principal of Johnson school, with Mrs. Johnson of Youngville at the piano.

The evening session, beginning at 7:30 o'clock, will be opened with a song and the invocation given by Rev. Harold Knappenberger, pastor of Grace church. There will also be special musical numbers, followed by an address on "The PTA and Your School", by Mrs. Nicely.

Serving as the registration committee for the school will be Mrs. A. H. Bengtson, Mrs. Paul Pittman and Mrs. C. H. Buerkle.

On the hospitality committee are Mrs. Earl Mohrner, Mrs. William Culbertson and Mrs. A. R. Schultz.

The School of Instruction is open to all persons interested in the PTA and schools of their community and all unit groups are asked to bring their procedure books.

FOOD INDEX DROP IS SHOWN BY BRADSTREET

New York, Oct. 7.—(P)—The Dun & Bradstreet wholesale food index on Oct. 5 dropped to the lowest point since July 22, 1947. It has declined 6.3 per cent in the past three weeks.

The index, representing the total cost of one pound of each of 31 foods in general use, stood at \$6.51 on Oct. 5. This compared with \$6.70 a week ago, \$6.95 three weeks ago, \$6.83 a year ago, and \$6.48 on July 22, 1947.

Biggest part of the drop this week was accounted for by meats and livestock. Foods declining included corn, oats, barley, beef, hams, bellies, lard, cheese, sugar, cottonseed oil, potatoes, rice, hogs and lambs. Advances included flour, wheat, rye, butter, cocoa, raisins and steers.

### Widely Known Erie Organist Will Be Presented In Salem Church Recital

On Sunday evening at 7:30 o'clock, music lovers of Warren and vicinity will have the privilege of hearing one of the outstanding organists in the eastern part of the United States, when Prof. Percival LeSueur, head of the Erie Conservatory of Music, will be presented in a recital of sacred and secular music in Salem Evangelical United Brethren church, Maroon street and Pennsylvania avenue, east.

Prof. Le Sueur studied at the Royal College of Music, London, England, under Sir Walter Parratt, who, at the same time, was the king's Lutheran church in Erie, along with his regular teaching at the Conservatory.

He is a teacher of harmony and theory of music as well as teacher of piano and organ. He was organ soloist at the Columbia theater in Erie for ten years and has dedicated Hammond organs at various churches in Pennsylvania and New York State.

Mr. Le Sueur gave the opening recital at Father Coughlin's Church in Detroit, "Shrine of the Little Flower."

He has been presented in recital at the Chautauqua Institute of Music and has given recitals in several churches.

His program Sunday evening will be interspersed with soprano solos sung by Miss Melda Olsen, of Salem church. The numbers will be as follows:

I. Bless This House, a. Prelude and Sculliana, Mascagni, b. God So Loved the Deaf, Fiset. Voice—Repent Ye, John Prindle Scott—Miss Olsen.

II. a. Prelude and Fugue in D minor and b. Air Overture in D, Bach; a. Flights' Chorus, Wagner, b. Intermezzo, Macbeth. Voice—O Divine Redeemer, Gounod—Miss Olsen.

III. Excerpts from Chopin, Balust, Tschakowsky, Schubert, Kreisler and Brahms. Voice—Adore and Be Still, Gounod—Miss Olsen.

IV. Improvisation on "Three Notes", Percival LeSueur. Voice—The Lord's Prayer, Malotte—Miss Olsen.

V. Ten Minutes With Favorite Hymns (arranged by Mr. LeSueur).

There will be no admission charge for this pleasant evening of organ and voice masters, but a free will offering will be received. A cordial invitation is extended to the public to share in this special event.

## FAULTLESS FASHIONS IN COATS

... faultless styles because they are the best styles, only from the top lines—styles which already have been proven by acceptance from coast to coast . . . faultless because they're made of fine wools—gabardines, suedes, coverts, broadcloths, novelty fabrics. Then tailored carefully by master craftsmen . . . faultless in value because Miller's buy only from those whose reputation for value-giving is above the average. Then Miller's price them right—never more—often less than elsewhere . . . faultless because Miller's won't sell it to you unless it's right for you—it must fit—it must flatter—it must do something for you besides merely serve its purpose as a coat.

### Local Nurses Are Among Delegates To State Sessions

Election of delegates from this area to attend the 44th annual state convention of the Pennsylvania State Nurses Association, was the principal item of business at the fall meeting of District Seven, held at the local YWCA activities building.

Elected were 38 delegates representing 960 nurses of District Seven, which includes the five counties of northwestern Pennsylvania. Chosen from Warren were Mrs. Rhea Brennan, Mrs. Anne Byrne, Jessie Cuthbertson, Elva Johanson and Catherine Sullivan.

These delegates will meet with more than 2,000 other registered nurses in Pittsburgh on November 8-10 to discuss nursing problems in their state.

This year's convention will commemorate the 75th anniversary of the graduation of Linda Richards, America's first professional nurse. An important portion of her career was spent in this state, since she served in the Pennsylvania Hospital, Methodist Hospital, Visiting Nurse Association, and the University of Pennsylvania, all in Philadelphia.

Founded in 1904, the Pennsylvania State Nurses Association has more than 14,000 members and is the largest state group in the country. It has long been active in promoting better education for student nurses, examinations and state licensing programs, as well as improving nursing standards.

### Erie Bride Is Well Known In Warren

Mrs. Alma I. Boehn, 2613 German street, Erie, has announced the marriage of her daughter, Charlotte Boehn Anderson, to Edwin B. Rosenzweig, Jr., son of Mr. and Mrs. E. B. Rosenzweig, Sr., 639 West 11th street, Erie, at 7 p. m. Saturday, October 7.

The ceremony took place in the home of Dr. James Benwick Jackson, who officiated.

The bride, who is the granddaughter of the late George W. Noblit, of Meadville, and known to many in Warren, was lovely in a brown tweed Eteliana original

dressmaker suit, with cinnamon brown accessories and a corsage of brown orchids.

Miss Vi Lindblade, maid of honor, appeared in a gray dressmaker suit, with brown accessories and wore a green orchid corsage to complete her ensemble.

Donald H. Robins was best man. A small reception followed from 8 to 10 p. m. at the bride's residence.

After a mid-western trip by auto, the couple will reside in Canton, Ohio.

Weeds harbor insects and act as breeding ground for plant rusts.

An oil well in Oklahoma is more than three miles deep.

### Properties Are Vital For Shows

One classification of interest in Warren Players is succinctly labeled "properties". In actual play productions, we find that this is usually divided up between "hand props" and "stage props". A "hand prop" must be a small article which does not actually get handled by a "stage prop" just the same as the davenport or the pictures on the wall.

For "The Lady Has Ideas", Ruth Anne Austin has Ruth Bailey, Jean Nelson, and Magda Fanariis working with her to find and provide the necessary objects. From what we hear, they have been able to get everything required with the exception of some greenhouse roses, guaranteed to the bright and fresh for both shows, and they have not yet given up hope on these.

These Warren Players seem to

have as diverse an assortment of activities as could be imagined by anyone who thought that their activities were all strictly dramatic, but it is all an essential part of play production, and is all needed to provide a finished show.

## o Hobby Too Odd For Man eeking Individual Niche

By HAL BOYLE

ew York—(AP)—There is no  
y too odd for a man seeking  
an individual niche in his

heard of a man who spent all  
spare time standing on a rail  
ankment. As the trains sped  
he noted down the number  
each freight car and the rail-  
I that owned it.

a time he accumulated a longer  
of freight car numbers than  
one that'd ever lived. To him  
was enough reward—to have  
nothing no one else ever had.  
he other day another young  
n of this stern breed dropped in  
tell me about his unusual claim  
fame.

le was Jack R. Williams, 22,  
all, freckled, sandy-haired form-  
U. S. sailor who believes he is  
nation's number one jazz band,  
Sammy Faye Branch.  
I have listened to more than

a thousand broadcasts by Sammy  
Kaye, and each time I wrote down  
every tune he played," he said  
proudly.

To still any doubts I might have  
that he was really only a New  
York Philharmonic Symphony Or-  
chestra fan playing a belated April  
fool joke, Williams produced the  
evidence. There they were—hundreds  
of pages scribbled with the  
names of melodies. And he had  
carefully written down where he  
heard them—in so-and-so's parking  
lot, in car while out driving, aboard  
the U. S. Destroyer Marsh in the  
Pacific.

"I am convinced," I said, con-  
vinced. "Tell me, Jack, how did it  
all begin?"

"Well," said Jack, who is a bag-  
gage clerk in the greyhound bus  
station in Columbus, O. "It is a  
long story—it goes clear back to  
Dec. 21, 1941.

"I was in bed with the flu. I

turned on the radio and heard  
them announce Sammy Kaye's  
Sunday Serenade. I didn't have  
anything else to do, so I just cop-  
ied down the songs.

"I got interested. I liked the  
music, and it was fun writing  
down the tunes—so I just kept it  
up."

Since then he has missed few  
broadcasts. Several times he has  
journeyed hundreds of miles—he  
gets a free bus pass—to hear and  
meet Sammy Kaye in person.

"He let me lead the band once,"  
Jack said softly, and in the busy  
room I could hear the muted  
trumpets that would sound in his  
ears forever. "Everybody in the  
band likes me."

I asked if his hobby hadn't in-

terfered with his social life.  
"My friends at first thought I  
was crazy because I'd rather stay  
home and write down names of  
tunes on Sunday instead of going  
on picnics," Jack said. "But since  
I got to know Sammy personally  
—well, that's a horse of a differ-  
ent color. They come over to watch  
me now."

When he is mowing the lawn,  
his mother now posts a warning  
note in the window saying: "Don't  
forget—broadcast at 7 p. m." He  
still remembers with horror the  
time he was driving down town  
and his car radio went dead just  
before a broadcast.

"I almost went into hysterics,"  
Jack said. "I ran into the bus sta-  
tion, grabbed up pencil and paper

and turned on the radio—just as  
the theme song started. Boy, I  
just almost melted."

Jack doesn't play a note him-  
self.

"This is my main hobby," he  
said gravely, "and I want to keep  
on doing it as long—as long as  
there is a Sammy Kaye."

Wouldn't he like sometime just to  
listen to the broadcast without  
writing down the tunes?  
"No," said Jack, "somehow it  
wouldn't be the same."

A man with a real hobby can't  
just sit there. He has to do some-  
thing about it.

## SPORTSWRITERS PICK INDIANS 30 TO 16

Boston, Oct. 6—(AP)—Sports-  
writers who took a last look at  
the lineup of both teams today  
were putting Cleveland down as  
30 to 16 favorites.

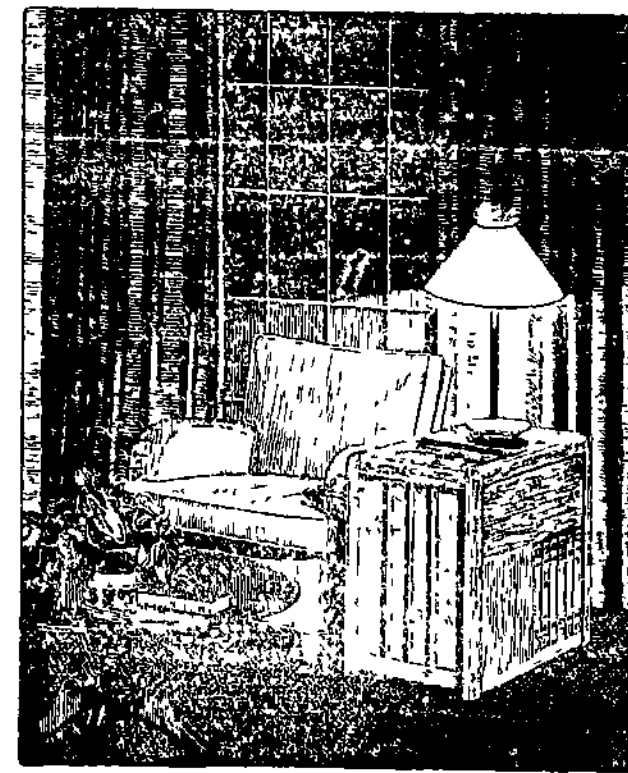

The Associated Press polled the  
sports experts as Cleveland and  
Boston went through their final  
workouts and found 30 writers  
riding with the Indians. Sixteen  
were going along with the Braves  
but most of them felt it would  
take Boston seven games to do it.

The Indians' picks numbered 17  
who forecast a six-game win and  
11 who thought Cleveland would  
take it in five.

Market Quotations

New York, Oct. 7.—(AP)—The stock market timidly picked its way ahead today. In only moderately active trading, gains of actions to around a point were noted for key issues. A small group of bulky stocks lagged fractionally. Oil shares were among the favorites, along with steels, autos and motors. Demand for bonds touched off a morning advance yesterday.

## Local Woman's Hobby Given Unusual Honor In Magazine

Friends of Mrs. John P. Fenstermacher, 101 Pioneer street, are showering her with congratulations as the news gets about that her collection of knife rests has the front page place of honor on the October issue of Hobbies magazine for collectors.

The picture, taken by Everett Stoke, shows only a portion of Mrs. Fenstermacher's collection, started several years ago and now numbering about 75 different items.

An inside page of the magazine carried further news of this unique collection and an interview with Mrs. Fenstermacher. It reads in part:

"Having acquired one knife rest, I wanted another and from there on my interest and collection grew.

"After consulting one of the leading glass authorities, I found there is little known of their origin, except that some patterns prove apparently, they were used early. Their popularity lasted up

to and including the cut glass period.

"Including in my collection are: Frosted Baby Face, Amber, Blue and Vaseline colored glass, Staffordshire and Sevres china, pressed glass; silver and cut glass.

"The size varies, too, from the large type, upon which rested the carving knife, to the small individual ones. Some are in pairs but the majority are single.

"In all their beauty they are bright reminders of yesteryear—gala times—Thanksgiving, Christmas and family reunions, when their place on the dinner table was as important as any other piece of table setting. Many 'sparkling' after dinner stories are undoubtedly resting in their background...."

of this week's play emphasizes  
the importance of the teaching

drama, and, at the end, there is  
a brief suggestion that people  
today are feeling the need for

problems of the spirit, and that  
the church's centuries-old, prov-

## Warren Dragons Gird For Season's Biggest Home Game Against The Jamestown Raiders

Warren High School Dragons reach a high peak in the 1948 grid campaign Saturday afternoon when they tangle with one of the Blue and White's oldest rivals, the Jamestown Raiders.

The game is booked for Saturday afternoon on War Memorial field, with the kickoff slated for 2:30 o'clock. Advance sale of tickets both at the local high school and in Jamestown indicates that the crowd will even exceed the large turnout for the annual Homecoming day two weeks ago.

School officials and borough and state police are making special arrangements to handle the large crowd. In this connection, police have asked the Jamestown crowd to park their cars on the side streets on the north side of Pennsylvania avenue to alleviate the heavy traffic expected along route 6.

Ardent Dragon fans, who have watched their favorites roll to our straight wins over Corry, Franklin, Titusville and Oil City,

will get a chance to "blow off a little steam" Friday afternoon. School will be dismissed early and the entire Warren student body will assemble on Second avenue between Liberty Street and Pennsylvania avenue for a big pep rally. High School cheer leaders will be on hand to conduct the program and the big Dragon Band also will be out in full force.

The Jamestown squad probably will be the toughest nut for

the Dragons to crack so far this year. The Raiders opened their season with a thumping 33-18 triumph over North Tonawanda, N. Y., and then dropped a 12-7 decision to a Lackawanna powerhouse in a scrap that was played in the mud and the rain.

Records show Saturday afternoon's clash will be the 47th meeting between the rivals over a 54 year span since 1893, and the odds are against a tie. The record book lists 24 triumphs for the Dragons against 21 defeats, with only one of the games ending in a draw (0-0 in 1944).

The week end scholastic grid program also lists another neighborhood scrap in which the Youngsville Eagles and the Sheffield Wolverines will face each other for the second time this season. The game is slated for the Youngsville field Saturday afternoon at 2:30 o'clock.

Sheffield tripped up the Eagles, 13-0, in the opening game for both teams at Sheffield. The Eagles have come a long way since then, however, holding Kane to a 7-0 score last week, while Sheffield will be seriously handicapped due to the loss through injuries of their star tackle, Steve Eisenhauer.

Other games on the scholastic card show.

Johnsburg at Kane on Saturday afternoon; Oil City at Bradford Friday night; and Franklin at Greenville, also under the lights Friday.

## Warren Red Jackets To Show Off "New Look" On Sunday Afternoon In Clash With The Glassport Odds

Warren Red Jacket semi-pro griders will show off their "new look" on War Memorial field here Sunday afternoon when they tangle with a strong Pittsburgh district eleven, the Glassport Odds.

The fashion-plate special for the Red Jackets features a new coach in John Foley of Warren, who replaces Bill Hillman of Kane, plus the switching of the team style of play from the single wing to the T.

It is expected that use of the "T" will enable the team to maneuver freely for tricky laterals and reverses, and also will get blockers downfield so the team can take full advantage of the speed and broken field running ability of Paul De Fonzio of Bradford and Dave Lopez.

The Glassport eleven will probably come here with blood in their eyes and a determination to avenge a 7-0 setback handed the team when the Odds played here two seasons ago. A fumble in the closing minutes of play paved the way for the Jackets.

The Odds are coached by Rixey Tack, former Duquesne University gridder, and Regie Pater. Making up the squad are several former college gridiron stars plus the cream of the crop from high schools in Glassport and other communities in that rich coal and steel producing area.

Sparkplug for the squad is "Sours" Mahalik, swivel-hipped Salem College halfback, and Joe Kusio, former Pitt tackle. Also in the backfield are two of last year's high school stars, Pete Sowa, who Glassport fans affectionately call "Johnny Lujack" and Nite Natale, who works well with Mahalik. Along the forward wall there's Joe Krol, a tackle, who "prepped" at Alliance College, Barry Tiski of Duquesne University, and Joe Jenkins of St. Vincent College.

The Glassport Odds' last year notched five triumphs, lost two and tied one. High point of the season was their 14-0 win over the Uniontown Coal Barons, who went on to win the Pittsburgh Sun-Telegraph championship.

So far this year the Odds topped the Clairton Cokers, 6-0, and lost to the Duquesne CIO, 13-0.

Other action on the district's semi-pro grid front Sunday afternoon pairs the Erie Vets against Massillon, Ohio, at Erie Stadium, while the Jamestown Legion will tackle the Altoona Legionnaires in the Jamestown Municipal Stadium.

Incidentally, the Jamestown Legion management has asked the Times-Mirror to clear up one point that has been troubling a lot of fans. The New York club said it is "in no way guilty of trying to take ball players away from the

### SERIES NOTES

Boston, Oct. 7—(AP)—The Boston weather bureau and Cleveland routers are both alibing yesterday's World Series opener. The bureau had predicted rain. The reason for the Indian routers' alibi is obvious.

From the goings on in the lobby of a mid-town hotel you'd think the Philadelphia Athletics won the pennant. For three hours Connie Mack stood and sat while he affixed his signature to score cards and rain checks. He exhausted the ink supply of three fountain pens.

"We are going to eat at home," she said after the game. "I have something in our refrigerator but I'm so nervous I can't remember what it is."

### Phone Lines Are Extended On Cole Hill

Cole Hill, Oct. 7.—The Bell Telephone Company of Warren has been engaged in surveying for a new line up Andrews Run, out of Pittsfield. The telephone line in that section has been owned by subscribers for many years, but the Bell System has taken over the company and may extend the line over Davy Hill. That community has never had a telephone system, although more families live there than on Cole Hill.

Miss Laura Demming, of Warren, who teaches the seventh and eighth grade pupils in the Garland school celebrated her birthday anniversary Thursday. The pupils presented her with a silk scarf for the occasion. Miss Demming treated the pupils of her room with ice cream as the day was also the birthday anniversary of one of her pupils, Junior McChesney.

Andrew Miller, a former resident of this section, is reported to be seriously ill at his home at Dugall.

Mr. and Mrs. Howard Eastman have named their new son, Charles Howard. He was born at the maternity hospital at Warren, Monday. The new arrival was a birthday gift to his mother whose anniversary was Monday.

Asia Crews, of Reading, an employee of the Pennsylvania Electric plant of Starbuck, accompanied Fred Cross of Tidououte, was on the hill Saturday searching for Indian arrow heads and relics supposed to have been uncovered recently in a ditch on an abandoned farm between Cole Hill and Tidououte. Mr. Crews has a hobby of collecting old coins, and Indian relics and has a fine collection. Some of his coins are a complete issue in series from the government mint. While on Cole Hill, Mr. Crews visited at the home of Willis Wentworth to view the collection of Indian arrowheads, including the tomahawk used by the Indians all of which have been found on Cole Hill in the past 50 years.

Mr. and Mrs. H. P. Litchenberg, of Warren, were visiting friends on the hill Sunday. Mr. Litchenberg, who has been hauling the mail on the Star route between Warren and Titusville for the past seven years has been awarded a new contract, starting Monday, with an increase in salary.

A large flock of wild geese was seen Sunday evening flying over in a southeasterly direction which reminds us of cold weather coming.

Dan Mourer, State Forest Fire Inspector, of Youngsville, was on the hill with his crew of men burning brush which was cut out for the new telephone line to the fire tower. The fall fire season will soon begin and generally extends until December 1st.

Mr. and Mrs. Harold Martin were Warren visitors last Saturday and saw the parade celebrating Pennsylvania week.

Mr. and Mrs. Steve Spurlin, of Pittsburgh, were visiting the latter's sister, Mrs. Julia McGrew, a few days last week.

Lenard Eastman, Kenneth Dalrymple, and Richard Smith, of Garland, were visiting friends on the hill Monday evening. Lenard has bought a Dodge sedan.

Oscar Lauger, of Wrightsville, Warren county's leading potato grower, was on the hill Wednesday recruiting potato pickers.

This week's prayer meeting will be held at the home of Rev. and Mrs. L. W. Frank Thursday evening, followed by a pie social. Everybody is invited.

Mrs. Ward Van Gulder is visiting her mother, Miss Allan Rouscher, at Corry this week.

John Plimentosh, of Starr, was hauling second crop clover from the farm of Howard Eastman Tuesday. Farmers this year on Cole Hill have had a long session of harvesting. Threshing of alfalfa is not over with yet.

Weeds can cause 12 times the annual loss in crops that insects cause.

Mrs. Lawrence Olson entertained at her home at a party which honored her son, Gail, who celebrated his 15th birthday with many friends and relatives present. Games and a supper were enjoyed.

Virgil Nelson celebrated his 16th birthday with friends and relatives present at a Sunday dinner given by his parents, Mr. and Mrs. Frank Nelson. Out of town guests included Reynold Nelson, Mr. and Mrs. Clarence Johnson and daughters of Erie; Mr. and Mrs. Paul Bloomquist, of Kane, and Mr. and Mrs. Robert Nelson of Sheffield.

## Phone Lines Are Extended On Cole Hill

Cole Hill, Oct. 7.—The Bell Telephone Company of Warren has been engaged in surveying for a new line up Andrews Run, out of Pittsfield. The telephone line in that section has been owned by subscribers for many years, but the Bell System has taken over the company and may extend the line over Davy Hill. That community has never had a telephone system, although more families live there than on Cole Hill.

Miss Laura Demming, of Warren, who teaches the seventh and eighth grade pupils in the Garland school celebrated her birthday anniversary Thursday. The pupils presented her with a silk scarf for the occasion. Miss Demming treated the pupils of her room with ice cream as the day was also the birthday anniversary of one of her pupils, Junior McChesney.

Andrew Miller, a former resident of this section, is reported to be seriously ill at his home at Dugall.

Mr. and Mrs. Howard Eastman have named their new son, Charles Howard. He was born at the maternity hospital at Warren, Monday. The new arrival was a birthday gift to his mother whose anniversary was Monday.

Asia Crews, of Reading, an employee of the Pennsylvania Electric plant of Starbuck, accompanied Fred Cross of Tidououte, was on the hill Saturday searching for Indian arrow heads and relics supposed to have been uncovered recently in a ditch on an abandoned farm between Cole Hill and Tidououte. Mr. Crews has a hobby of collecting old coins, and Indian relics and has a fine collection. Some of his coins are a complete issue in series from the government mint. While on Cole Hill, Mr. Crews visited at the home of Willis Wentworth to view the collection of Indian arrowheads, including the tomahawk used by the Indians all of which have been found on Cole Hill in the past 50 years.

Mr. and Mrs. H. P. Litchenberg, of Warren, were visiting friends on the hill Sunday. Mr. Litchenberg, who has been hauling the mail on the Star route between Warren and Titusville for the past seven years has been awarded a new contract, starting Monday, with an increase in salary.

A large flock of wild geese was seen Sunday evening flying over in a southeasterly direction which reminds us of cold weather coming.

Dan Mourer, State Forest Fire Inspector, of Youngsville, was on the hill with his crew of men burning brush which was cut out for the new telephone line to the fire tower. The fall fire season will soon begin and generally extends until December 1st.

Mr. and Mrs. Harold Martin were Warren visitors last Saturday and saw the parade celebrating Pennsylvania week.

Mr. and Mrs. Steve Spurlin, of Pittsburgh, were visiting the latter's sister, Mrs. Julia McGrew, a few days last week.

Lenard Eastman, Kenneth Dalrymple, and Richard Smith, of Garland, were visiting friends on the hill Monday evening. Lenard has bought a Dodge sedan.

Oscar Lauger, of Wrightsville, Warren county's leading potato grower, was on the hill Wednesday recruiting potato pickers.

This week's prayer meeting will be held at the home of Rev. and Mrs. L. W. Frank Thursday evening, followed by a pie social. Everybody is invited.

Mrs. Ward Van Gulder is visiting her mother, Miss Allan Rouscher, at Corry this week.

John Plimentosh, of Starr, was hauling second crop clover from the farm of Howard Eastman Tuesday. Farmers this year on Cole Hill have had a long session of harvesting. Threshing of alfalfa is not over with yet.

Weeds can cause 12 times the annual loss in crops that insects cause.
